PROFILE INFO

Hi, I'm Abid Ullah, and I graduated from the University of Kohat(KUST) in 2022 with a degree in Software Engineering. My interest is Front-End Development and I love to create beautiful and performant products with delightful user experiences. I previously worked on FYP, where I create the "Online class room" project.

WORK EXPERIENCE

Web Developer(Front-End)   **2019[Sep] 2022[Feb]**

Worked as a Front-End Web Developer for a few months' work on **Html, CSS & Bootstrap, JavaScript React js**. As a Junior Web Developer especially works in Front-end development (intermediate level). Experienced with all stages of the development cycle for static web projects.

Strong background with **HTML5, CSS, & Bootstrap, JavaScript React js.**

Node Js (Beginner)   **2021 - 2022**

I have a beginner Level **Node Js** Background & I previously worked on FYP, where I create the **"Online Class Room"** project.
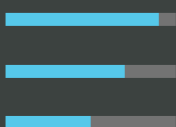

MY SKILLS & EXPERTISE

HTML
